Steve,
Is the 10/29 trip still 'a go' or is it on-hold for now?
Mark

Stephen, unfortunately, Oct 29 does not work for my team to meet at the site. I suggest that we work on scheduling a project meeting at your office including attorneys since there are a number of unresolved issues that impact the site evaluation work. I will get back to you with dates that my team is available. Jean

Hi Jean,

Mark Moix just informed that ADEQ is planning to carpool to the site that Oct 29 morning and requested if we can start at 10 am or later. 10 am or later will work for EPA personnel.

Thanks,

Stephen L. Tzhone

Subject: Arkwood update

Hi Jean,

1) Site visit: EPA is under travel restrictions and previously authorized travel must conclude by the end of this month. I checked with EPA HQ and ADEQ and we can all make Tuesday Oct 29, at 9 am at the site. I plan to send you CSM comments early next week and we can have a discussion before or after the site visit as well. The attendees for EPA R6: myself, Jon Rauscher, Kent Becher (USGS support). The attendees for EPA HQ: Deana Crumbling, Scott Huling.

2) Curt Grisham interactions: I checked with Gloria Moran and Carlos Sanchez and we will be available for a meeting on this topic.

Thanks,

Stephen L. Tzhone

Subject: Oct 16 meeting postponement

Stephen and Mark,

Based on the government partial shutdown and the information that I received earlier this week about interactions with Curt Grisham and a congressional inquiry, I am requesting that the site visit scheduled for October 16 be postponed until a later date. Once the government budget has been secured, I suggest that we schedule a meeting including legal counsel to discuss the status of the Arkwood project, Curt Grisham's interactions and my role as Project Coordinator.

Sincerely,
Jean Mescher
